AAMC have done a fabulous job this past year with the fund raising to earn more money to help for the scholarship fund. This was my third year attendance with the scholarship, which made it possible for me to get my education towards my CMC, which I will get in 1 short year.

The courses that are set up are very good and can be used at my workplace. The education made me a stronger person and want to share it with my working group. My PD group are very wonderful people and we learned a lot from each other. The campus is very nice, quiet and food is wonderful.

Thank you again for making it possible to earn what I worked hard for.

Sincerely,

Fannie Moore
